GOLF COURSES

MONTGOMERIE LINKS GOLF CLUB

The *Montgomerie Links*, located just off historical Da Nang Beach and minutes from Da Nang City, is a stunning 7090 yard par-72 golf course. Opened in 2010, the course was rated as one of Asia's ten most elite courses by the 2012 *Forbes Travel Guide* and as 'Vietnam's Best Championship Course 2013' by the *Vietnam Golf Magazine*. Since then, yearly awards are common for *Montgomerie*.

Eight-time European Tour Order of Merit winner Colin Montgomerie, better known as Monty to his worldwide fan base, has massaged massive greens and rippled fairways into the stunning backdrop, setting up a golfer's course. *Montgomerie Links* has outstanding natural features. The sandy soil, wind-blown dunes, and indigenous vegetation combine in creating the framework for this links-style golf course along the Vietnam East Sea.

In addition to Colin Montgomerie's championship golf course, there is a large contemporary clubhouse, comprehensive driving range/practice facility, and residential development called *The Estates at the Montgomerie Links*.

BRG DA NANG, NICKLAUS COURSE

The Nicklaus Course at BRG Da Nang offers a good test of golf and a different style of golf from the original Norman Course, which plays in Dunes and Ocean settings. Most of the golf property is low lying and part of a floodplain, so the entire Nicklaus course stands out among swamps and paddy fields. Several of the holes play adjacent to the Coco River with great views of the surrounding villages and back to Da Nang City.

A series of interconnected lakes and creeks meander throughout the course with wooden walls framing the holes and separating the greens from the surrounding water hazards. These bullheads are unique and give the Nicklaus Course a distinctly Floridian feel. The materials, not coincidentally all imported from the USA, form a crucial feature of other Nicklaus courses and associated playing strategies.

Although water is abundant throughout the course, the fairways, landing areas, and greens are generously broad. Proper selection from a series of six tees on each hole is critical for shorter hitters to avoid long water carries. Stronger golfers will face excellent risk-reward shot selections playing from the furthestmost back tees. Long hitters are also able to have a go at all of the par 5's in two as they play 500 yards or less.

BRG DA NANG, NORMAN COURSE

BRG Da Nang Golf Resort Norman Course opened in 2010 and immediately leaped to fame being recognized as one of the 15 best new courses in the world by USA GOLF magazine.

The Norman-designed Dunes Course uses the sandy loam soil of Danang Beach, a place with more history than golf. The Vietnam golf club is located directly on the beach that the American's used for their first landing and adjacent to the American's central supply depot and airfield used during the conflict of the 1960s. Here on Vietnam's central coast, one finds a seaside landscape almost identical to the land of the world's first courses. The links-style golf experience was crafted as much by Mother Nature as it was by any golf architect.

This Danang golf course is a unique golf challenge that every golfer will enjoy. Fairways are generous, and there is restrained use of water and no out-of-bounds. Sculpted bunkering, shaped putting greens, and abundant natural waste areas have been cut directly from the surrounding dunes. Scoring well requires carefully placed shots to give players a chance to go for the pins on the undulating greens. The fairways are also lined and well defined by long needle pines, so miss into the trees, and it's a forced punch off the sand and pine needles along a safe line to get back into play.

BA NA HILLS GOLF CLUB

Ba Na Hills Golf Club is 25 minutes inland from Da Nang, Vietnam, near the foothills of the cable car station leading to Ba Na Hills. The IMG managed Da Nang golf course is the first Luke Donald-designed course in Asia and the world.

Ba Na Hills has a fair amount of elevation change and many natural features like large hardwood trees and streams that meander through several holes. At 7,858 yards in length, the par-72 golf course provides a balance of challenge and enjoyment for golfers of all skill levels. The varying lengths of each hole and different lies resulting from the rolling hills and elevations changes ensure the use of various shots throughout the 18 holes.

The front nine holes form a traditional parkland course surrounded by pine forests—the back nine plays along and up-and-down the surrounding hills with many blind shots and doglegs. Needless to say, these holes are the more dramatic and challenging ones.

Bunkering at Ba Na Hills is unique, with long grass around the edges and the face of each hazard. The sand is only partly visible from the tees and fairway approach shots. The greens are angled from the fairways and only slightly undulated. There is a good variety of pin positions and approach shots.

HOIANA SHORES GOLF CLUB

Hoiana Shores Golf Club is the first Robert Trent Jones II golf course in Vietnam. Forty-five minutes south of Danang International Airport and 8 kilometres south of the Hoi An Ancient Town UNESCO World Heritage Site, Hoiana Shores plays through dunes along the Vietnamese coastline. The town is known as "The City of Lanterns," and fittingly, lanterns instead of flags top the pins at Hoiana.

The championship Hoiana course is a link design with limited vegetation and rolling dunes, and two returning nines on the coastal property are comprised entirely of pure sand. The course is grassed with TifEagle Bermuda greens, while tees and fairways feature Zeon Zoysia grass.

Course building techniques preserved the existing dune and pine terrain, making holes play through the Casuarina trees and brush native to the area. Other holes, especially the finishing ones, come up right along the sea and play inside the coastal dunes. The course plays firm and exhibits many ground game-playing characteristics found on a links layout in the British Isles but in a tropical setting.

Hoiana Shores can support a wide variety of setup options, be it a professional event or catering to amateurs looking for a straightforward, enjoyable round of golf. The wide playing corridors present golfers with a wide range of strategic options.
